

ABOUT ME

Hello! I'm a second-year B.Tech student in Computer Science and Engineering specialized in Artificial Intelligence and Machine Learning. I possess a solid grasp of languages such as Java, and Python. My enthusiasm lies in consistently enhancing my programming skills. I thrive on problem-solving challenges and possess strong leadership skills, ready to navigate and contribute effectively in this ever-evolving field

EDUCATION

Bachelor of Technology in CSE(AIML)

C.V. Raman Global University
2022 - 2026
CGPA:8.96

Intermediate from CISCE Board

Rajendra Vidyalaya, Jamshedpur
2021
Graduated Percentage: 90.8

Matriculation from CISCE Board

Rajendra Vidyalaya, Jamshedpur
2019
Graduated Percentage: 87.17

SKILLS

- Proficient in Java and Python
- Basic understanding of Machine Learning using Python with practical experience using Python Libraries
- Beginner-level proficiency in HTML and CSS, including experience with building simple static web pages and styling elements

CERTIFICATIONS

- Machine Learning with Python course (ML0101EN) provided by [IBM](#) at [Cognitive Class](#).ai

PROJECTS

Online Book Store that also recommends books

- Developed a bookstore in java to search, add, buy books, view earnings etc., connected to a database
- It also gives recommendations of books on basis of user's favourite book using machine learning model in Python through API

Content-Based Recommendation System to recommend movies

- Developed a recommendation system that recommends movies to user using Content-Based or Item-Item Filtering Approach

Collaborative Filtering -Based Recommendation System to recommend movies

- Developed a recommendation system that recommends movies to user using Collaborative or User-User Filtering Approach

EXPERIENCES/WORKSHOPS

Attended a professional workshop on creating your own Generative AI conducted by NXTWAVE

- gained experience on how Generative AI works

NSS Member, C.V.Raman Global University

- Active Member of NSS, committed towards community service and social causes

Secured First place in a Scavenger Hunt organized by IIM Sambalpur

- Led my team to success by making strategic decisions and exemplifying effective teamwork.
